

FEATURES

Compact Single Storey House
3 Large Private Bedrooms
Open Living
Large Storage Spaces

With your lifestyle in mind, we design your house to make use of as many natural elements as possible. With panoramic windows to each room, you will have plenty of natural light and cross ventilation. A Colorbond rainwater tank and the option of installing solar panels we will ensure you will be saving your money and the environment. All our houses go through compulsory BASIX checks to make sure your home remains both economical and ecological.

DWARF

Suitable for smaller frontages, Dwarf will fulfill all your wishes. With 2 variations of the plan to choose from, 3 spacious bedrooms, including an option to switch Master at the front or back with a huge WIR and an ensuite attached, Dwarf is definitely a sophisticated home.

With the option to rearrange bedrooms, Dwarf is an incredible home that will easily adapt to your needs. The modern home offers an open living design, ensuring a great kitchen with a large walk in laundry and a pantry cabinet. Dwarf, a compact home beautifully designed to accommodate our modern living with an open living and large living spaces.
